

P5/6/7 NEWSLETTER

Term 2 2024/25

What will we be learning?

Numeracy

This term we will be learning about fractions, decimals and percentages. We will also be looking at measure and time. Mental maths will continue to be a focus and daily activities will be carried out to support this.

Literacy

In January our writing focus will be Scottish poetry. After this, we will focus on:

P7s - writing a biography about a famous Scottish person.

P6s - writing a discursive text

P5s - writing a persuasive text

We will continue to read a range of texts including fiction and non-fiction.

Health and Wellbeing

We will be investigating 'Food and the Consumer', describing the journey of food from source to plate and exploring local and seasonal ingredients.

Social Studies

As a class, we have planned a Scotland themed topic for term 2. We will be investigating Scottish landscape, farming, our local area and land use. We will be using maps and atlases to support our learning.

Other Curricular Areas

Expressive Arts - in Music we'll be listening to and discussing 'Music of Scotland' and performing a Scottish poem. As part of the Art and Design curriculum, we will be looking at product design and following a design brief.

Sciences - Planet Earth and a weekly 'Topical Science' focus.

RME - Hindu way of life

Technologies - Internet Safety
